

SAIREC Side Events Schedule

Day 1: Sunday, 4 th October 2015							
Room Name	1:40	1:60	Ballroom West	Auditorium 2	Ballroom East	Hall 1A	Hall 1B
10:00 - 11:30		IRENA Virtual Marketplace for Renewable Energy Projects in Eastern and Southern Africa	INDECON Hydropower Projects as a Solution to Africa's Social Development	Roedl & Partner 10 Legal Tips for Foreign and Local Investors in South Africa	CSIR / Fraunhofer IWES / SANEDI Wind and Solar PV Resource Aggregation Study for South Africa	BAPEPSA Development of a Biomass Action Plan for Electricity Generation in South Africa	Prometheum / zaRECs / Nano Energy South African Carbon Offset Trading
11:30 - 13:00		IRENA Africa Clean Energy Corridor & Launch of IRENA report: Africa 2030 – Roadmap for a Renewable Energy Future	UNIDO / GEF Developing Industrial Biogas in South Africa: Status of the waste to energy biogas project		IPP Office REIPPPP: A success story		Energy Africa Conference Alternative Energy Mix: A model that works for Africa
14:30 - 16:00	SANEDI Investor Forum	RIAB / IRENA Coalition for Action / SAREC / REN21 Renewable Energy Solutions to Power Africa: Bridging the gap for off-grid renewable energy deployment	DBSA Creating an Inclusive Financing Framework	ARE Financing Clean Energy Rural Electrification Projects	IEA Enabling Policy and Financial Frameworks for Renewable Energy Deployment in Southern and Eastern Africa	UNIDO ICSPH Small Hydropower in Africa: Huge Resource, yet Limited Implementation	IRENA / LBNL / CSIR Renewable Energy Zones for the Africa Clean Energy Corridor
16:00 - 17:30			BMZ Decentralized Renewable Energy Empowers the Global Energy Transition: Africa: a green continent of opportunities	Solar Paces CSP Workshop on Policy and Strategy for Growth		SAPVIA / SAPOA / DBSA Role of Roof-top PV in Enhancing Energy Security	

Day 2: Monday 5th October 2015

Room Name	1:40	1:60	Ballroom West	Auditorium 2	Ballroom East	Hall 1A	Hall 1B
13:00 - 14:30	SANEDI Sustainable Urban Mobility	IRENA / SIDS Lighthouses Initiative Accelerating Renewable Energy Deployment on Islands in Africa, the Indian Ocean, Mediterranean and South China Sea	ADA Results of Southern African Solar Thermal Training and Demonstration Initiative	WWF / REEEP Future of Renewable Energy in Africa	SAREC Socio-Economic Development and Enterprise Development Benefits of the REIPPP Programme in South Africa	IASS / Greenpeace / IRENA / World Bank Towards Sustainable Energy Security in a Water-constrained World	REN Alliance Renewables Working Together
18:00 - 19:30	21CPP / CESC Roadmaps for Power System Transformation: Key Enabling Factors for Variable Renewable Energy Deployment	UN Women Technology as a Game Changer for Empowerment of Women and in Improving Women's Lives	EEP Energy Access in Africa: Lessons Learned and the Way Forward	BMUB Addressing Climate Change through Enabling Policies for Decentral Renewable Power: Mitigation actions founded through the International Climate Initiative	REN21 / UNIDO Tracking Progress: The importance of understanding regional developments to drive the uptake of renewables and energy efficiency	AUC / EC / Africa EU Energy Partnership Rural Electrification Financing Initiative (ElectriFI)	Global Leap EA+EE: Achieving Energy Access Goals at Least Cost with Super-efficient Technologies

Day 3: Tuesday 6th October 2015

Room Name	1:40	1:60	Ballroom West	Auditorium 2	Ballroom East	Hall 1A	Hall 1B
13:00-14:30	City of Cape Town Cape Town Energy 2040 Vision and Action Plan	UNEP Facilitating Implementation and Readiness for Mitigation: Lessons learnt	BMW / AA Long-term Energy Policy Planning: Experiences, benefits, challenges	ISES Role of Solar Heating and Cooling Technologies in Meeting Growing Energy Demand	Greenpeace Launch of a Global 100% Renewable Energy Scenario	WFC 100% Renewable Energy: Boosting Social and Economic Development	AEEP / EC / AUC EU and Africa: the Role of Renewables in Energy Security
